Subject: Fw: RE: RE: Environmental Violations by Criminal Developer, Lennar, in San Francisco, California

9/18/14 Thursday

Attn: Lily Lee
United States Environmental Protection Agency

As I stated in a previous email to you, I have communicated with Stephanie Cushing at the San Francisco Dept. of Public Health regarding the hazardous environmental conditions at the Candlestick Park location. Stephanie Cushing replied with an automatic response that stated she will not be back until 9/22/14. The issues at the Candlestick Park location are so important that action must be taken immediately by the US EPA to halt the proposed development at Candlestick Park. The scheduled auction for 9/30/14 to sell the contents of Candlestick Park MUST BE ORDERED BY THE EPA TO BE HALTED AND STOPPED IMMEDIATELY!

If you cannot assist me, please let me communicate with someone else at the local US EPA's office in San Francisco SO ACTION CAN BE TAKEN IMMEDIATELY TO STOP THE PROPOSED DEVELOPMENT AT CANDLESTICK PARK BY CRIMINAL DEVELOPER LENNAR AND TO HALT THE 9/30/14 AUCTION.

Steve Aronovsky
